## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by US 5,679,418 (Akasawa).

Akawasa teaches a leather-like sheet produced from a polyurethane thermoplastic composition (See abstract). Akawasa further teaches that sheet thus obtained is, as necessary, further coated on the surface thereof with a porous or non-porous coating layer of the same polyurethane, to give a grain type leather-like sheet (e.g. decoratively finished) (See col. 13, lines 33-39).
